

TALK

Written by

Chris Zell

INT. ROOM

A WOMAN is sitting at a table talking to a MAN unseen until the last cut. After each response by the Man the woman gets more agitated.

WOMAN

Joanie got fired today.

MAN (O.C.)

I knew that would happen.

WOMAN

There was an accident that made me late for work this morning.

MAN (O.C.)

Two people were taken to the hospital. I saw that coming.

WOMAN

Oh, I won two tickets to a concert this weekend.

MAN

From the radio. Yeah, I know.

The Woman stands up.

WOMAN

That's why it's so frustrating talking to you Nostradamus.

On the last word we cut to the Man who is dressed like Nostradamus.

Note: This may not be doable due to the fact that we need Nostradamus costume.
