Chris Zell

INT. MATV BASEMENT

James turns the corner from the stairs.

JAMES

Well, that's been bound and gags  
and I hope not to see you again. I  
have to tell you, I never knew the  
creation of a little comedy show  
could be filled with so many  
casualties.

James walks to the office door then turns to face the camera.

JAMES (CONT'D)

I hope it was worth it to you  
because right now I'm hoping  
there's a therapist for whatever is  
going wrong in my brain right now.

James turns back and opens the door. Over his shoulder he  
looks at the camera.

JAMES (CONT'D)

Please pray for me.

James turns on the light and enters the office. After a beat:

SND FX: blood curdling scream

NOTE: Don't worry about this. I have an award winning scream  
queen I'm going to see if she'll do this.

James opens the door and steps out frantic and sweating.

JAMES (CONT'D)

Sorry, Zell's in there. For about  
the last week any time I see him I  
scream like a girl.

CHRIS (O.C.)

MUDGE! What the fuck are you doing  
out there? I found Rich Caines and  
he said he'd come back and do  
Boston Doctor.

James drops his head.

JAMES

Not Boston doctor.

CHRIS (O.C.)  
You did good in rehearsal but when  
we shoot it make sure to push the  
peanut deeper into your ear. I want  
a ton of suction this time.

James looks into the camera and mouths "Help Me."

CHRIS (O.C.) (CONT'D)  
MUDGE! Get in here. The shit's not  
going to shoot itself.

James sadly turns and walks back into the office.

CHRIS (O.C.) (CONT'D)  
Oh and Rich is kinda prickly these  
days. You do have a gun, don't you?

James closes the door.

GRAPHIC: No animals were harmed in the making of this episode  
of Bound & Gags. James was not so lucky.
