INT. STUDIO

Three CD cases are on a table.

NOTE: The cases are open so they stand and slightly inside each other. The CDs in the cases are leaning against the back of the cases. That way when the arm comes through things really fly out of the scene.

Don't worry, the CD cases used are plastic so won't shatter leaves shards to clean up. I really do think of everything!

The opening voice over is done calmly. After that you speed up into total TV huckster mode.

MAN (V.O.)

You've heard all the world's greatest love songs. You're probably humming one right now. But did you know not all love songs are great? Did you know that some just stink while others are too maudlin for even the most brain addled crooner to warble. And then there are those special love songs. The songs of good intention. The songs that were meant to capture a loving moment. But there was a break down in the process.

An arm crashes through the shot and the cases and CDs fly out of the shot.

The arm places another CD case on the table.

MAN (V.O.)

And that's why we're able to bring you the 69 most regrettable love songs of all times. That's right, K-Smell Records forced an unpaid intern to scour our vast musical library until he quit. That's why K-Smell can only bring you the 69 most regrettable love songs of all time.

We know you've heard some of these unpolished gems.

This is where you get to pick. Pick the five titles you like the best and say them. We'll highlight the one that's being said as two others scroll past. Copy and paste them around in an order you like.

The name of the songs scroll up the screen. The names that are part of the voice over are a different color than the other ones.

The titles in question are:

Love Is In Your Hair Tonight
 You Might Roll But Your Mama Rocks
 I've Never Been Naked Before The First Date Before
 I've Never Met A Girl Like You, Dude
 The Head Nurse Is On Duty Tonight
 It Only Hurts When I'm Bleeding
 Whip It (The Safe Word Song)
 I'll Never Give Up Stalking You
 You Made It Move, Touch It
 It's Only Premature To You
 If You Won't Touch It Do You Think Your Sister Will?
 Are You Horny Tonight?
 Sliding Into The Furry Hole
 You're Looking Cute In Your Rubber Suit
 Nipple Rings For Spring
