EXT. CLEAN WATERWAY

MAN (V.O.)
When you need quenching you
naturally think of water.
(pause)
Which is why water is known within
knowledgable circles as the most
refreshing refreshment to refresh.
(pause)
And to that pantheon of life giving
water comes one of the most
enticing waters in the money for
water industry.

EXT. MALDEN WATER SOURCE

Don't reveal the hose and try to make the 'source' as
attractive as possible.

MAN (V.O.)
Malden springs continues to bubble
up from well beneath the surface of
bustling Malden Massachusetts.

Start pulling up to show the hose then up to the vacuum.

MAN (V.O.)
Malden springs water is filtered
using a filtration system unique to
the bottled water industry.

Man pulling the bottle out of the vacuum, holding it to the
camera then taking a big drink from the bottle.

NOTE: Obviously you don't want to be drinking street water so pull a bottle out that hasn't been dipped in haz mat water. Unless you get a method actor then my advice is to go for it!

From beneath the earths
infrastructure. Malden Springs.
Bubbling up all over town.
